The children get a sense of safety in the "Classic" SWIM TRAINER whatever their learning stage, which allows them to learn to swim quickly and easily.

Winter in Galtür

The family paradise in Tyrol with guaranteed snow

Skiing fun 800 m from the hotel – one stop on the free ski bus and you are at the slope and the children's practice area.

Galtür in Paznaun, situated at an altitude of 1,600 metres, is Tyrol's first climatic spa resort and presents its guests with a pioneering winter sports concept - the award-winning Silvapark. Six separate areas provide unlimited winter fun and many sports facilities - especially for families. Zwergerlwelt (Dwarf World), Abenteuerland (Adventure Land), Action Park and Heldenreich (Kingdom of Heroes) - these names are music to the ears of our young skiers.

The area, well-known for its snow reliability, is considered the "heart of the Silvretta" and was created with the greatest possible respect for nature. Nowhere else do the giant glaciated mountains of the Silvretta region seem more beautiful and closer than in Galtür. The motto here is: "Experience the mountain" - and despite the progress that has clearly taken place, the idyllic mountain village has retained its original charm.

The high-altitude location is a true family paradise and has everything that puts a smile on the faces of our small slope adventurers and their parents. Here you will find all the important information you need to make a family holiday in Galtür even better. Experience the mountain!

“Galtür” ski school

Stunning fun on the slopes

In the practice area (which does not require ski pass) beginners learn to master their first turns. After a one-on-one chat, your children will be assigned to the appropriate ski group and ski instructor experience a playful and fun time on the slopes of Galtür’s Silvapark.

In the children’s ski school well-trained ski instructors teach your children between 3 and 14 how to ski. Specials such as the Native Americans Day, the stamp game “Search for Siggis” or the children’s ski race are highlights for our little racers. Once a week the children have a Crazy Day, when the skis are exchanged for Big Foot skis, snow bikes or other sports equipment.

Your extra:

We take your children to the ski school, look after them at lunchtime and pick them up again after the ski course.

Winter highlights in the Silvapark

- **Ski paradise with 43 km of slopes:**
(75% of which covered in snow) with a stunning panorama; 5 km are blue slopes, 26 km red slopes and 12 km black slopes; deckchair area
- **Zwergelwelt:**
Siggis Bambiniland with wave track, magic carpets, easy slalom, slide, igloo and much more ...
- **Abenteuerland:**
Ultimate fun area with Soppapark, fairy-tale forest, hunting trail, magic carpet, merry-go-round, cross track and road
- **Actionpark:**
Fun and action with speedway, Zeinispark and mogul slope

- **Fast lane for children:**
The Birkhahnbahn, Alpenkogelbahn, Ballunspitzbahn and Klein-Zeinislift lifts allow children to get on without waiting
